No prescribed TAT as of yet.

We did suggest 36hrs was possible in preliminary discussions last Thursday.

Wes,
Do you know the TAT promised? Hopefully, we get a little extra time on first set since we're still developing the procedure.
Thanks

Subject: Craft-Turney - Lab Instruction & Update

1. Please send me your overtime hours worked (include # hrs by day/date) - - - Rick, I already have yours
2. We are expecting 24 Craft-Turney drinking water system samples this evening for MBT analysis - - - Marvelyn, if I meet TCEQ afterhours, is it okay to put coolers in our sample log-in/walk-in for processing tomorrow/Wednesday morning?

3. Diane (281-723-5296) is technical lead in Rick's absence
4. Marvelyn, I'll need your assistance & attention for all procurements and data review
5. FYI – Water Division update for today is attached & also, TCEQ news release from yesterday

Subject: Re: Craft-Turney Short Update

I haven't received the 10/7 update from TCEQ yet, but our Houston Lab received the 99% technical standard at about 10 am this morning that they will use to develop an analytical method for MBT.

A note from TCEQ early this afternoon reported the highest level of chlorothalonil to be 101 ppm.
